HANDSOME BUILDING

Julian Brown to Erect a Modern
Business House on the Lot
He Recently Purchased—
Work to Begin on May 1.

Julian H. Brown will build a new business house on the lot known as the Reidel corner, recently purchased from Marion Behen. The house will be a two story brick, 25x80 feet, with steel and plate-glass front and equipped with all the modern improvements.

Work will begin May 1. Connor Bros., of Cannelton, have the contract for the brick work, while Mesker & Co. will furnish the steel and plate glass. Tell City firm will furnish the brick, and the lumber will come from the South. Mr. Brown will superintend the construction, and local carpenters will do the work.

Mr. Brown's success in Cloverport has been phenomenal. He came here in March 1901, just after the fire that swept the town, and before the coals had cooled off, erected a small frame shack at the East end of the bridge. He began business with a handful of groceries and a very small capital, and started on the cash system of buying and selling.

He is a man who has gone through his business life with his fellowmen making and demanding his own rights and his own profits, and giving to every man his rights and profits, which has led him along the road to success as a merchant.

He owns a beautiful country home near town, and has quite an interesting family who have stood behind him and shared his hardships as well as his successes. Mr. Brown is very enthusiastic over his new enterprise and says he is fixing for a bigger and better business than ever before. His friends are with him, and his patrons are a satisfied asset who will stand by him.

The Breckenridge News wishes him continued prosperity in his new business home.

VALLEY STOCK FARM

Owned and Directed by W. J.
Owen and Sons, of Hardinsburg No. 1. Very Successful in Hog Raising.

W. J. Owen and Sons are the proprietors of the Valley Home Stock Farm, breeders of Poland China hogs, another firm in this county who are making a success of raising and breeding fine hogs and cattle. Some of their recent sales follow. This list shows that they cover a wide territory and that they are bringing a lot of good money to this county that would go elsewhere. Breckenridge county is making a name all over the South for breeders of good cattle, hogs, mules and horses.

HIGH RECORD PRICES

Closing Sale Proves the Best of
the Season—Bidding Lively—
Big Prices For Trash.

OVER 56,000 POUNDS SOLD.

The closing sale at the Breckenridge Loose Leaf Tobacco Warehouse at Hardinsburg last Friday, was the best sale of the season as to prices. Fifty-six thousand pounds sold at prices ranging from \$4.30 to \$16.10. Trashes were in demand and brought from \$2 to \$3 more than former prices. Leaf gained several points and all records were broken.

The quality of the offerings were very poor, especially the low grades. The quality seemed to have no effect on the price, as it was low grades the buyers wanted and they went after them in a lively way.

The sales for the season rounded out about 1,100,000 pounds, and brought to the farmers \$75,000 in cash.

The growers are making no complaints, and seem to be well satisfied with the loose leaf way. Preparations are being made for a larger acreage than ever, and with favorable seasons, the crop for next year will be a bumper.

England, Germany and France Agree

on one thing, if on no other. They all prohibit
the sale of alum baking powders.

There must be a good reason for this.
It is because alum was found to be un-
healthful.

Royal Baking Powder is made of cream
of tartar, derived from grapes, a natural
food product, and contains no alum nor
other questionable ingredients.

CONGRATULATIONS

Extended to Mr. Willis Noel,
Oldest Man in This City, From
S. C. Bates, of Athens, Ohio.

Dear Mr. Babbage:—Your paper today announces that Willis Noel has passed his ninety-fourth birthday. It is a rare enough thing for any one to reach that age to be worthy of comment, but when it is one held in as high esteem as "Uncle Willis," it deserves more than even a passing mention.

His faculties are clear. His sight is good. His step is as elastic as many a one forty years younger. The people of his early life in Boone county are all gone. The men and women of Breckenridge county, when he came to it sixty years ago, have almost all passed over the river. He is an ornament to your community, and I am glad your people treat him so well.

I have been so busy that I have not written to him, and I wish, through your columns, to express my congratulations, and the hope that while he is spared to his friends, he may retain his faculties in perfection. Then I wish to say to my friends who are not so old: Life is uncertain in its extent. It is only certain in the opportunity it presents for preparation for that other world, and in the service we may always render for our Master, and for His children here.

My sympathy is with the old town in the loss of the shops, and in the hope that they may be rebuilt larger and better than ever.

I have done some driving this winter, partly over paved roads, and partly in mud where two horses could scarcely pull a buggy. I hope Hal's advice about good roads in Breckenridge county will set your people to thinking about the matter until roads will be produced that will be a joy to all your citizens.

Sincerely yours,
S. C. BATES,
Athens, Ohio.
